

# Strengthening Foundations. Building Nations.

Vedanta Iron & Steel Limited (VISL; NSE; BSE: ----) is India's leading ferrous resources company supplying the materials that form the foundations of modern economies. Through the exploration, mining, and production of iron ore and high-quality steel, the company supplies essential materials that power infrastructure, manufacturing, and nation-building.

With operations spanning India and Africa, two of the world's fastest-growing economies, Vedanta Iron & Steel operates a diversified portfolio of mining and steelmaking assets, including ESL Steel Limited, Sesa Resources Limited, and Sesa Mining Corporation Limited, and Bloom Foundation in Liberia alongside associated industrial businesses & is well-positioned to deliver lasting value for all its stakeholders.
